## Consumer Rebate: Processing

For an exceptional consumer experience, please ensure the following requirements are met, and that consumers understand how rebate processing works.

**Step 1:** Retailers should staple the Consumer Rebate Instruction Card (included in National Karastan Month Kit) to the consumer sales invoice.

**Step 2:** Consumers are required to submit a copy of their sales invoice that clearly identifies the Karastan product, style name, style number, amount purchased in square yards/square feet, date of purchase and amount paid.

**Note:** Cash register receipts are not acceptable forms of proof of purchase.

**Step 3:** Consumers can choose one of three methods for submission.

**Note:** All documentation must be received by July 1, 2023 (Spring Sale), and November 30, 2023 (Fall Sale).
